

Northern Health leads the way in promoting health and providing health services for Northern and rural populations

- **Northern Health** is known for our strong primary health care system. People experience seamless and coordinated service. The 'Primary Care Home'¹ is the foundation for multidisciplinary health care and helps people navigate across services.
- **Northern Health** involves people and their families in their own health and health care. Individuals and families feel respected and are treated compassionately.
- **Northern Health** provides high quality health services, using evidence and innovation, to meet the needs of our Northern and rural populations. We are known for the creativity of our staff and physicians and for our innovative use of technology to care for people as close to home as possible.
- **Northern Health** is recognized as an outstanding place to work, learn, and grow. We foster a safe and healthy work environment. Education and development of people in the north, for the north, attracts and retains staff and physicians.
- **Northern Health** works with communities and organizations to support Northern people to live well and prevent injury and illness. The health status of Northern people is improving faster than the rest of BC.

¹A 'Primary Care Home' is where people establish a long term relationship with a multi-disciplinary team and through this team, receive health care and are supported in managing their own health.
